

RAD Studio 10 Seattle 安裝通知 (Update Subscription 客戶)

RAD Studio 10 Seattle 最新版本已正式發佈，購買一年更新維護服務的客戶若您仍在有效合約期間，將會收到原廠的英文郵件，通知您要如何下載安裝 RAD Studio 10 Seattle 最新版本。

下列的說明提供給一年更新維護的客戶參考。

原廠會發出一封英文電子郵件，說明如何安裝 RAD Studio 10 Seattle 新版本的詳細信息。安裝的方式與以前版本不同，10 Seattle 不再提供新的序號，只要『一年更新維護』仍在有效期間內的客戶，現有的 XE8 序號將自動啟動 RAD Studio 10 Seattle 新版本。或是用 XE8 的序號也可以安裝 RAD Studio 10 Seattle 版本。

下面是原廠發送給一年更新維護的英文郵件內容：

=====

Embarcadero Technologies is pleased to announce the release of RAD Studio 10 Seattle, Delphi 10 Seattle and C++Builder 10 Seattle.

This release is available to XE8 users with an active Update Subscription. Starting with version 10, users on Update Subscription are not required to have version 10 specific serial numbers and licenses. As long as Update Subscription is current, the existing license is automatically updated for new releases.

HOW TO OBTAIN PRODUCT UPGRADE

Download the 10 Seattle installer

新版 RAD Studio 10 Seattle 正式上市 (下載完整 ISO 檔案)

Delphi and C++Builder 10 Seattle ISO (Download 7.2 GB, Size: 7,717,953,536 bytes)

<http://cc.embarcadero.com/Item/30352>

※ 安裝前請務必先將防毒軟體等防護功能暫時關閉或移除 (例如 F-Secure, TrendMicro, Kaspersky)，待安裝完成再重新打開。

安裝 10 Seattle 並註冊成功，在下列連結可下載產品相關的工具及更新程式。

My Registered User Downloads: <http://cc.embarcadero.com/myreg>

On machines with an active internet connection and XE8 installed, run the installer to obtain version 10 Seattle.

On machines with an active internet connection without XE8 installed, run the installer and provide your XE8 license information.

When prompted to obtain version 10 Seattle Network license users will need updated client licenses from their license server administrator.

On machines with restricted or no internet access refer to the offline installation instructions in the Installation Notes link below:
